2 Welcome & Introductions

Acknowledgement of Local Indigenous Community.

DPAC expresses condolences for the lives lost on February 10 in Tumbler Ridge and extended sympathies to the victims' families, students, staff, first responders, and the community. Information regarding an official GoFundMe established by the Tumbler Ridge PAC, in partnership with the Mayor and Council, as well as provincial supports, has been shared on the DPAC Facebook page.

3 Abbotsford School District Student Voice and Connection

Superintendent Nathan Ngieng highlighted the evolution of student voice initiatives (starting with YC34) and their alignment with the district's strategic plan and Student Success pillar. While the district's six-year completion rate is 94%, survey data shows some students do not feel safe or that they belong; well-being goals are included in school plans.

Secondary student representatives meet regularly through a community of practice model. A current SFU pilot, "Co-Creating Social Connection," focuses on supportive friendships, trusted adults, community participation, and school belonging. Schools are developing a Social Connection Toolkit with student-led initiatives and inclusive spaces.

4 Abbotsford School District Student Voice and Connection Q&A

The Superintendent advised that limited research funding is available to support Social Connection Toolkit initiatives; however, many projects rely mostly on volunteer time and staff leadership.

Regarding vaping, student feedback indicated concern about overly punitive responses (e.g., suspensions) and a preference for education and supportive conversations. Students noted the addictive nature of vaping, ease of access, discreet devices, and marketing targeted at youth, emphasizing the need for regulation and prevention-focused approaches.

5 Board of Education Update

Board Chair Stan Peterson presented the board's strategic plan priorities, which include literacy, numeracy, early learning, student well-being, and core competencies, along with plans to review and update policies and engage with stakeholders.
